

CT26-hEpCAM-Luc

Strain Information

| | |
|--------------|--|
| Cat. NO. | NMC-230035 |
| Cell Line | CT26- <i>EpCAM</i> ^{em1(hEpCAM-Luc)Smoc} |
| Strain State | Construction |
| Model | EPCAM gene humanized CT26 cell line |
| Description | *Literature published using this strain should indicate: CT26-hEpCAM-Luc cell line (Cat. NO. NMC-230035) was purchased from Shanghai Model Organisms Center, Inc.. |

Validation Data

No data
