

Mcpt8-Flox

Nomenclature	C57BL/6Smoc- <i>Mcpt8</i> ^{em1(flox)Smoc}
Cat. NO.	TBD
Strain State	Developing

Gene Summary

Gene Symbol Mcpt8	Synonyms	MMCP-8, BB139338
	NCBI ID	17231
	MGI ID	1261780
	Ensembl ID	ENSMUSG00000022157
	Human Ortholog	MCPT8

Model Description

These mice carry loxP sites flanking target exons of *Mcpt8* gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of *Mcpt8* gene.

*Literature published using this strain should indicate: *Mcpt8*-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..

Validation Data

No data
