

AA986860-Flox

Nomenclature	C57BL/6Smoc-AA986860 ^{em1(flox)Smoc}
Cat. NO.	TBD
Strain State	Developing

Gene Summary

Gene Symbol AA986860	Synonyms	Sarg, E030025M07
	NCBI ID	212439
	MGI ID	2138143
	Ensembl ID	ENSMUSG000000042510
	Human Ortholog	AA986860

Model Description

These mice carry loxP sites flanking target exons of AA986860 gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of AA986860 gene.

*Literature published using this strain should indicate: AA986860-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..

Validation Data
