

# Braf-KO

|                     |                                             |
|---------------------|---------------------------------------------|
| <b>Nomenclature</b> | C57BL/6Smoc- <i>Braf</i> <sup>em1Smoc</sup> |
| <b>Cat. NO.</b>     | NM-KO-205008                                |
| <b>Strain State</b> | Embryo cryopreservation                     |

## Gene Summary

|                                   |                       |                                                                                                  |

## Model Description

Exon 5 of Braf gene was deleted to generate Braf knockout mice.

\*Literature published using this strain should indicate: Braf-KO mice (Cat. NO. NM-KO-205008) were purchased from Shanghai Model Organisms Center, Inc..

## Validation Data

No data
